

Weekend Roadtrip

DAY ONE

A weekend roadtrip never looked so good. After a scenic 90 minute drive from Melbourne you will arrive at [Vibe Hotel Marysville](#) ready to check-in and start exploring. Start with an early lunch at [Radius Bar & Grill](#) then begin exploring with the [Marysville Forest Trails](#). The Trails include the iconic [Steavenson Falls](#), [Tree Fern Gully](#) and [Keppel Lookout](#). Take in the beautiful landscape in a half day hike or a gentle 15 minute stroll.

For further information on these trails download the FREE Visit Marysville App via iTunes or Google Play.

Stop in at the [Marysville & District Historical Society](#) and take time to browse through the displays highlighting over 150 years of Marysville's very rich history.

DAY TWO

Sleep in and enjoy breakfast at [Radius Cafe](#). Experience the locally-sourced produce cooked fresh for you. The perfect start to your day.

Make your way to Buxton Trout Farm, only short drive from the hotel. A catch is guaranteed at this picturesque fish farm. All equipment is supplied. Once you've caught your trophy fish, cook it on the farm's BBQs for a fresh and tasty lunch!

On your drive back home to Melbourne, why not stop in at a winery or two? There are plenty of excellent, award winning wineries in Yarra Glen and surrounding areas including [Yarrowood Estate](#) and [TarraWarra Estate](#).

ABOUT THE AREA

Tucked away in the forested foothills of Victoria's Great Dividing Range, Marysville has long been a favourite getaway destination thanks to its tranquil riverside location, culinary delights, wonderful scenery and outdoor adventures.

Vibe Hotel Marysville is inspired by its natural surroundings, and you will be too. From the local art, spectacular views of the Yarra Ranges National Park and Cathedral Ranges right through to the superb Radius Bar & Grill featuring premium locally sourced produce and a menu designed by Executive Chef Leigh Colville.

Whatever the reason for your visit, Vibe Hotel Marysville is the perfect place to connect and reconnect.
